## Historical Background

Sisk & Co., Inc. is a locally owned and operated insurance brokerage firm in downtown Denver. Established in 1980, it provides a full range of property, casualty, employee benefits, and personal lines programs. In addition, we offer risk management, consulting and bonding services. Our insurance and risk management services provide a single source to meet all of our customer's needs.

Our experience in the marketplace and our exceptional service have allowed us to grow our business to over 600 clients. Our attention to the details and our ability to understand our clients' needs helps us retain 98% year after year.

Experience, knowledge, and our unique approach to client management put us in a very select group within the insurance brokerage community. Integrity, competence, and responsive service drive our organization.

As one of the region's leading insurance brokerage firms, Sisk & Co., can offer a complete spectrum of highly professional insurance management services in support of your program. Our services will be designed to compliment, enhance and supplement the efforts of the insurance carriers to provide you with a comprehensive and coordinated insurance management program.
