

EVERY DAY IT SEEMS LIKE  
**EVERYTHING IS  
ABOUT TO BLOW.**

## IT'S THE NATURE OF YOUR BUSINESS.

From large, publicly traded exploration and production companies, to the one man roustabout, Sisk & Co. clients realize the benefits of working with a broker that understands their industry and offers the insurance solutions they need to protect their assets.

Our breadth of knowledge across the oil and gas industry gives us the unique ability to understand the entire exploration process - from lease acquisitions to mineral processing and refinement.

In addition to our insurance products, we offer aggressive claims management and proactive loss-control services specifically adapted to the oil and gas industry.

Call Sisk & Co. to learn about these and other safety services:

- Contract and compliance review
- Claims advocacy and monitoring
- Onsite loss-control surveys and safety audits
- Contractor-selection support and risk profiling
- Crisis management services and emergency preparedness plans

Sisk & Co. has offices in Denver, CO; Moon Township, PA; and now in Vernal, UT. As an AssuredPartners company, our services can also be obtained at offices nationwide.

**Sisk & Co. has the reputation and experience to handle the coverage you need to operate in the oilfield.**
